

P. S. BOARD STARTS ITS INQUIRY INTO RIVERSIDE PLAN

Acts on Governor's Request for Estimate of Land Values in Proposed Deal.

The Public Service Commission will take prompt action to comply with the

GIRLS! WOMEN! TAKE CASCARETS, IF CONSTIPATED

They live your liver and bowels and clear your complexion.

Don't stay headachy, bilious with breath bad and stomach sour.

To-night sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets will live your liver and clean your thirty feet of bowels without griping. You will wake up feeling grand. Your head will be clear, breath right, tongue clean, stomach sweet, eyes bright, step elastic and complexion rosy—they're wonderful. Get a 10-cent box now at any drug store. Mothers can safely give a whole Cascaret to children any time when cross, feverish, bilious, tongue coated or constipated—they are harmless.—Advt.

request of Gov. Whitman for an investigation of the proposed Riverside Drive contract between the city and the New York Central and furnish him with their estimate of the "value of the lands and rights" involved in the bargain.

An informal conference of Commissioners was held to-day preliminary to the formal session to-morrow, at which will be determined how far they are commissioned to go in the inquiry to determine these facts.

Some of the commissioners were of opinion that it would be impossible for them to estimate the value of lands and rights without taking into consideration all the elements entering into the transaction and that they will be compelled to review all phases of the proposed contract.

Others of the commissioners were inclined to a more conservative view that the scope of the inquiry could be limited to mere appraisal of property values by real estate experts without going into the question of franchise rights.

The Governor's action in calling on the Public Service Commission to make the inquiry was solely to throw more light on the proposed contract, particularly as he understands the attitude of the Mayor and Board of Estimate to be that they would welcome any move that might produce helpful suggestions.

The Public Service Commission is a State, not a city, body, and the Governor, therefore, called upon it to act as an arm of the State for the purpose of supplying him with information which may in the future be reported to the Legislature, as that body in the first instance conferred by statute on the City Government power to enter into the pending negotiations.

Just what course of action the Governor will take depends on the commissioners' report to him. If there is evidence of gross undervaluation of lands and rights in the proposed contract, it is probable that the subject will be referred by the Governor to the Legislature.

CART, HORSE, MAN DUMPED.

Wagon Backs Over Edge of Pier and Falls Into Sea.

John Degen of No. 594 Second Avenue, driver of a street cleaning Department dump cart, miscalculated his distance in backing to the edge of the pier at the foot of East Forty-sixth Street to-day and, with his horse and wagon, went over the edge into a scow. Eight men working in the boat narrowly escaped injury.

Degen fell under the cart and its load of frozen debris. He was dug out in half an hour and Dr. Spint of Harlem Hospital found that, except for two broken ribs and bruises, he was not seriously injured. The horse, which was lifted to the pier with a derrick, was unhurt.

ESTELLE CLAYTON DEAD.

Famous Actress of Years Ago Found Kneeling by Bed, Lifeless. The death of Estelle Clayton, a noted actress years ago, was reported to-day. She had long occupied two rooms at No. 239 West Fourteenth Street. Her sister, Isabelle Clayton, lived there with her until she died suddenly while on the stage three years ago.

Miss Clayton complained of a severe cold last week, but when a neighbor offered to help her decline with thanks. Late Saturday night friends forced the door of her room and found her kneeling beside her bed, dead.

The Clayton sisters in 1908 brought suit to recover millions of dollars' worth of real estate in New York City, which they claimed had been diverted from their family. They lost.
